

OUR HISTORY

St. Joseph's is a non-profit nursing home owned and operated by the religious congregation of Sisters Servants of Mary Immaculate. The Sisters came to the United States of America from Poland in 1934. The first nursing home was acquired in 1945 in East Baltimore, Maryland. In 1959, St. Joseph's was relocated to its current location in Catonsville, Maryland. Since its opening, the Nursing Home continues to provide a "Home" to its residents - one filled with love, care and respect, for "Aging years are worthwhile because life is a gift from God".

The nursing home is a one-story brick building and had recently been renovated and expanded, with a new wing added. It has a total of thirty eight (38) private rooms and three (3) semi-private rooms.

SPIRITUALITY

St. Joseph's accommodates elderly from all walks of life regardless of race, beliefs and socio-economic background. We strive to cater to the spiritual and physical well-being of the aged, assisting in maintaining the dignity of their person, upholding their faith through the availability of sacraments, and spiritual/pastoral counseling.

The Roman Catholic tradition is an integral part of life at St. Joseph's. Holy Mass is celebrated daily as well as the praying of the Holy Rosary. Other religious practices and devotions are observed throughout the year.
